

# a fertility and family building benefit for all

## Support for Fertility Care, Adoption, and Surrogacy

Our Fertility and Family Building benefit centralizes the funds, care navigation, and dedicated personal support needed for an inclusive and equitable family building benefit.

### Ovia Wallet

- Covering fertility, adoption, and surrogacy expenses
- Easily customize funds, eligibility, and services covered
- Use as standalone or supplement existing benefits
- Secure client dashboard showing member transaction, trends, history
- Digital wallet with debit card and online reimbursement options

### Clinic & Care Navigation

- Select network of clinics and providers supporting fertility, adoption, and surrogacy.
- Personal navigation adoption agencies and surrogacy services that reflect member preferences and priorities.
- Culturally-responsive care
- Fertility clinics follow SART standards

### Concierge Support & Services

- Personal, one-on-one guidance from our in-house Care Team
- Support available via phone, video, or in-app messaging
- Infertility and subfertility education: risk factors, evaluations, and options
- Emotional and mental health support (pregnancy loss, IVF cycle failure, talking to partners)
- Exclusive male fertility testing options

A trusted support during the entire reproductive and family-forming journey, Ovia Health offers the clinical prevention, risk identification, and risk management tools needed for all life stages.
